Co-organized by

In special collaboration with

**BBF** **EXPO COMM**  
 BROADBAND BUSINESS FORUM **ITALIA 2009**  
**24-25 NOVEMBER FIERA DI ROMA · ITALY**

The **BBF/EXPO COMM ITALIA 2009** conference and exhibition returns this year with an expanded focus along with more government, institutional and industry support.

The focus of this year's event will be **Digital and Broadband technologies**. BBF/EXPO COMM ITALIA 2009 will provide the ideal platform to launch innovation, learn about the impact and trends on products, services and business and the regulations that are necessary for their development.

This year BBF/EXPO COMM ITALIA 2009 will host both **AgCOM** and **DgTVi** to bring together the most important elements necessary to complete the integration of the newest technology within the regulatory structure of the industry. This is the only event that will deliver **the entire spectrum of Broadband technologies**, applications, services and content.

BBF/EXPO COMM ITALIA 2009 is "the unique event where people come to learn about the impact of technology and trends on products, services and business."
